Several storms have passed through South Carolina this storm season. Our associates are in your area and are ready to help you with your insurance claim.

**We are already established with homeowners in the surrounding neighborhoods and in your subdivision.**

Hail damage is not always obvious to inexperienced eyes. Our trained professionals will provide an honest assessment of your home. Hail Damage may have reduced the lifespan of your roof.

Many homeowners that decide to “wait and see” if their roof is damaged find out the hard way that the damage has wreaked havoc on their home. Leaks can take up to 2 years to develop.

Even if your roof is relatively new, **Storm damage voids warranty in most cases.**

Do not miss this opportunity to have a free inspection of your home. Time is running out for you to make your claim.

**Call Today For your  
Free Roof Inspection.**
